

**Public Information Committee – World Service Census Form – 2008/2009**

Dear Meeting Secretary & Chair;

The World Service Public Information Committee is taking a world census of its members in the fellowship of Cocaine Anonymous. The purpose of this census is to assist the PI Committee to better provide additional services to the fellowship of Cocaine Anonymous.

We suggest conducting the census during the month of February or March, 2008. Please take 5 minutes at your meeting and add the following paragraphs to your meeting format.

**During this month the World Service Public Information committee is taking a voluntary census of its membership. If this is the first meeting in which you have heard about this census and if you wish to participate, please raise your hand to be counted. If you have already been counted in another meeting of CA, please do not raise your hand.**

**(Secretary or Chair – takes a count of the raised hands and inputs the numbers at the bottom of this sheet.)**

Please ensure that this census is conducted over the entire month to better able us to count members that come to meetings irregularly.

Through your efforts in this census, we can better prepare for different activities and can better serve our membership as a whole.

Please forward this finished form to the address shown below by April 15, 2008:

**World Service Public Information Committee
